## BYE-LAWS.

CHAPTER I.—*For regulating the conduct of business at meetings of the Commissioners.*

1. Meetings shall be convened by the Chairman or Vice-Chairman by notice to be circulated to each Commissioner at least three days before the day of the meeting.
2. The day of the ordinary or general monthly meeting shall be the second Saturday in every month, unless the Chairman shall, for any special reason, fix any other day.
3. Every notice convening a meeting shall be accompanied by a list of the business to be brought forward at such meeting, signed by the Chairman or Vice-Chairman.
4. Should the Chairman or Vice-Chairman determine to call an extraordinary or special meeting, not less than 24 hour's notice of the day fixed for such extraordinary meeting shall be given to the Commissioners.
5. Any Commissioner desirous of submitting any motion to the meeting, must forward, not less than seven days before the date of such meeting, a copy of such motion to the Chairman for incorporation in the notice of business. A notice book shall be kept in the office of the Commissioners, in which all notices shall be entered. All such notices shall be dated and numbered as received.
6. At ordinary meetings the business shall be transacted in the following order, unless the President, with the consent of the majority of the members present, determine otherwise:—
  - (a)—The minutes of the last ordinary meeting, and of any special meeting since held, shall be laid before the meeting, and if approved as correctly entered, shall be signed by the President.
  - (b)—Any business postponed from the last ordinary meeting shall be brought forward.
  - (c)—The business specified in the notice of the meeting prescribed under rule 5 above shall be brought forward in the order in which it appears in the notice paper, unless the President, with the consent of the majority of the members present, determine otherwise.
  - (d)—Additional business, if any, may be brought forward by the President with the consent of the majority of the members present, provided that any decision recorded, or resolution adopted in regard to such business, shall be subject to confirmation by the next ordinary meeting.
7. At an adjourned meeting, no business save that which the original meeting left unfinished shall be transacted, except as provided in rule 9 below.
8. At a special meeting no business save that for which the meeting was called shall be transacted, except as provided in the following rule.
9. Any additional business may be brought forward at an adjourned or special meeting subject to the conditions of rule 6 (*d.* above, and also subject (in the case of an adjourned meeting) to the full quorum required by section 42 of the Act being present.
10. Every motion or amendment shall be reduced to writing and seconded before being put to the meeting or debated. The mover of any motion or amendment may withdraw the same at any period of the debate.
11. Every amendment shall be so worded as to form an intelligible sentence, either alone or in its proper place in an original motion, as the case may be, provided that no amendment can merely negative the original motion.
12. The President may, for reasons to be entered in the minutes of the proceeding—
  - (a) rule that a motion or amendment is illegal or out of order; and
  - (b) make such alteration in a motion or amendment as shall, in his opinion, render it intelligible, legal, and in order;
 and may in case (*a*) refuse to put the motion or amendment to the meeting, and in case (*b*) refuse to put the motion or amendment to the meeting, unless and until the proposer and seconder accept the alterations so made; and the decision of the Chairman shall be final.
13. In discussing questions coming before the meeting, a Commissioner shall speak from his place, shall rise when he speaks, and shall address the President. A Commissioner shall not be allowed to read his speech, but he may refresh his memory by referring to notes, and he may read, as part of his speech, passages from books or papers cited in support of his argument. No Commissioner shall be heard except upon business regularly before the meeting at the time, or by the permission of the President, specially obtained, in explanation of what he had said in a previous debate. No Commissioner, other than the mover, shall speak more than once upon a question except by way of interpellation, or by permission of the President, but the mover shall be allowed, if he have spoken to the question when

making his motion, to close the debate with a reply. A Commissioner who has spoken upon a motion may speak once again upon any amendment thereof afterwards moved; and a Commissioner may explain, by permission of the President, what he has before spoken if it has been misunderstood.

14. Votes shall be taken either by show of hands, or by poll, or by both. The votes of the Commissioners at a poll shall be taken by the President. Any three Commissioners present may demand a poll. When the show of hands has been taken, the President shall declare whether the resolution has been carried or not, and every matter shall be held to be decided and concluded on such declaration being made, unless a poll be at once demanded.

15. Voting by proxy is prohibited, and no member may vote upon any motion or amendment unless he be present in person at the time when it is put to the vote.

16. When an amendment upon any motion is moved, or when two or more such amendments are moved, the President, when taking the sense of the meeting thereon, shall read the terms of the original motion and of the amendment or amendments proposed. If there be but one amendment proposed, the question shall be put as proposed to be amended. If the amendment be carried in the affirmative, the original motion shall fall to the ground; but if the amendment be negatived, the original question shall be put to the meeting. If more than one amendment be proposed, the President shall put that amendment first which he thinks may most conveniently be first disposed of; and so, if necessary, of all the others. If any motion as made involves several points, the President, at his discretion, may divide it, so that each point may be determined separately.

17. When any Commissioner shall have occasion to ask a question of another Commissioner relating to the business of the meeting, he shall ask the question through the President.

18. Subject to the foregoing rules, the President shall regulate the course of all business brought before any meeting of the Commissioners. He shall preserve order, and all points of order shall be decided by him. No discussion of any point of order shall be allowed unless the President shall think fit to take the opinion of the Commissioners thereon. Any Commissioner may at any time submit a point of order for the decision of the President.

19. No subject once finally disposed of can be reconsidered within six months, except on a requisition signed by not less than two-thirds of the Commissioners.

20. For the purpose of taking into consideration any particular business, a meeting may resolve itself into a Committee of the whole of the Commissioners present. When this has been determined, the rule prohibiting any person from speaking, except when standing, or more than once on the same question, shall be deemed suspended until the meeting resumes.

21. The Commissioners at a meeting may from time to time appoint such and so many Committees, either of a general or special nature, and consisting of such Commissioners as they think fit, for any purposes which, in the opinion of the meeting, can be conveniently regulated and managed by such Committees; but the business transacted by any such Committee shall be subject to the approval of the Commissioners at a meeting.

22. The members of each such Committee shall hold office for one year only, but shall be eligible for re-appointment.

23. Any member of a Committee who, without the previous permission in writing of the Chairman of the Commissioners, shall fail to attend three consecutive meetings of such Committee, shall thereby cease to be a member thereof, and the Committee shall apply to the Commissioners to appoint another member in his place.

24. A Committee may meet and adjourn as it thinks proper. The quorum shall consist of not less than three of its members. The Vice-Chairman shall be the President of the Committee, or, in his absence, any member present elected by the meeting. The rule prohibiting any person from speaking except when standing, or more than once to the same question, shall not apply to meetings of a Committee.

25. Except as otherwise provided by the preceding two rules, the provisions of a law and of these rules, so far as they relate to the conduct of business at meetings of the Commissioners, shall apply generally to Committee meetings.

(f)—*Rules for the guidance of public vaccinators and others in all matters connected with the working of the Act.*

A.—Instructions for the guidance of public vaccinators under the provisions of Act V. (B.C.) of 1880 :—

1. According to the provisions of this Act, the parent or guardian of every child born in any place in which the Act is in force shall, within one year after the birth of such child; and the parent or guardian of every unprotected child under the age of 14 years brought to reside, whether temporarily or permanently, in any such place, within six months after such child's arrival at such place, or if the child be at the time of its arrival less than one year old, within one year and three months after its birth, and the parent or guardian of every unprotected child living in any such place at the date of this Act coming into force, and whose age at such date exceeds one year, but does not exceed fourteen years, shall, within six months from the said date, take it, or cause it to be taken, to a public vaccine station to be vaccinated, or shall, within such time as foresaid, cause it to be vaccinated by some public vaccinator. Provided that the Superintendent of Vaccination for the time being may, whenever he thinks expedient, serve the parent or guardian of such unprotected child with a notice in the form prescribed in the first schedule of Act II (B.C.) of 1887, requiring the parent or guardian, within fifteen days after the service of the same, to take such child or cause such child to be taken to a public vaccine station to be vaccinated, or within such period as aforesaid to cause it to be vaccinated by some medical practitioner or public vaccinator, and every such parent or guardian shall, within the said period, comply with the requisition.

2. Whenever a public vaccinator finds that a child, who ought to have been vaccinated according to the above provisions, remains unprotected, he shall ask the parent or guardian of such child to have it forthwith vaccinated, and explain to him the liabilities he will incur if he declines to do so; and if the parent or guardian of such unprotected child does not comply with the vaccinator's requisition, the latter shall at once bring the matter to the notice of the Civil Surgeon or other principal Civil or Military Medical Officer of the district or cantonment, or other officers in charge of vaccination, or any other person whom the Superintendent of Vaccination may authorize for the purpose, in order that legal proceedings may be taken against the parent or guardian of such unprotected child.

3. Public vaccinators must be very careful to supply correct information, for if they fail to prove their statements before the Court, they will be liable to pay any damages which the Magistrate may order for the unnecessary trouble of the person whom they have caused to be prosecuted.

4. Whenever a public vaccinator finds that a person whose age exceeds 14 years is still unprotected, he shall ask such unprotected person to get himself forthwith vaccinated; and in the event of the latter declining to do so, the public vaccinator shall bring the circumstance to notice in order that the said unprotected person may be served with a notice in form of Schedule (D) annexed to the Act, requiring him, within fifteen days after the service of the same, to submit himself to a public vaccinator to be vaccinated.

Action to be taken by vaccinators with reference to unprotected persons.

5. Vaccinators should endeavour to ascertain—

(a) Whether children born in any place in which the Act is in force have had their births registered at the police station of the section, and been served with notices. Information ought at once to be given to the Registrar in cases in which this duty has been neglected.

(b) Whether any child under 14 years of age, not protected by vaccination, inoculation, or small-pox, has been brought to reside in any place in which the Act is in force. In such case also information ought to be given at the police station in order that a notice may be served.

6. When, in order to facilitate the vaccination of unprotected persons, public vaccine stations have been opened in the different parts of any municipality or other place in which the Act is in force, and the days and hours of public vaccinators' attendance at these public vaccine stations have been fixed and published as required by section 14, the public vaccinators attached to each of the vaccine stations must attend at them on the specified days and within the specified hours, and vaccinate all unprotected persons free of all charges.

Public vaccine stations opened at different places to facilitate vaccination of all unprotected persons.

Vaccinators are bound to vaccinate all unprotected persons that resort to public vaccine stations free of all charges.

7. The name, age, caste, &c., of all persons vaccinated at public vaccine stations shall be carefully entered in the vaccine register provided for the purpose.

Vaccinators to enter name in the vaccine register.

8. Vaccinator shall instruct the parent or guardian of every vaccinated child to bring it back to the station at an appointed hour on the same day in the following week after the operation or earlier, if necessary, that they or any other person deputed for that purpose by the Superintendent of Vaccination may see whether all the points of the vaccination have taken. If there be a failure of one or more points vaccination should be repeated at those points, and this fact of re-vaccination should be entered in the remark column of the vaccine registers. The vaccinators shall again direct the parent or guardian to bring the child once more on the seventh or eighth day, that they may ascertain and enter in the register the final result of the operation. It shall also be the duty of any public vaccinator, who has vaccinated a child elsewhere than at a public vaccine station, to visit the child at the time and for the purpose above mentioned, whether he is requested to do so or not, unless the Superintendent of Vaccination has deputed some other person to act for such public vaccinator in this behalf.

Inspection of vaccinated children.

9. If the operation proves successful, the vaccinators must deliver to the parent or guardian a certificate to that effect in the form of schedule (C), with the serial number of the case in the vaccine register, inserted for easy reference and comparison at the time of subsequent inspection by Superintendent or his Deputy. If it proves unsuccessful, the vaccinators must forthwith again vaccinate the child, and issue instructions for its inspection as before.

Vaccinators to grant certificate of successful vaccination.

When unsuccessful, vaccination to be repeated.

10. If a vaccinator finds that a child whom he has three times unsuccessfully vaccinated is insusceptible of successful vaccination, he should deliver to the parent or guardian of such child a certificate in the form of Schedule (B).

Vaccinators to grant certificate of insusceptible vaccination.

form of Schedule (B).

11. If a vaccinator shall be of opinion that a child is not in a fit state to be vaccinated, he shall forthwith deliver to the parent or guardian of such child a certificate in the form of Schedule (A).

Certificate of postponed vaccination to be given by vaccinators.

12. This certificate shall remain in force for three months, but shall be renewable for successive periods of three months until the vaccinator shall deem the child to be in a fit state for vaccination, when the child shall, with all reasonable despatch, be vaccinated, and a certificate of successful vaccination given in the form of Schedule (C), if warranted by the result.

13. A public vaccinator shall on no account charge any person for granting certificates of successful vaccination, of postponed vaccination, or of insusceptibility to vaccination, whether the same be granted at a public vaccine station or elsewhere.

No fee to be charged for granting certificate.

14. Every public vaccinator, who gives to any parent or guardian a certificate in any of the forms of Schedules (A), (B), and (C) shall, within 21 days after giving the same, transmit a duplicate thereof to the Registrar of Births of the police section of the municipality where the birth of the child on whose account such certificate was given has been registered, or in which the child, if its birth has not been registered, resides.

Duplicates of certificates to be sent to Registrar within 21 days.

15. When a public vaccinator attends at the request of the parent or guardian elsewhere than at a public vaccine station for the purpose of vaccinating a child, he shall charge a fee of four annas for every such vaccination. He is to inspect the child on the fifth and seventh or eighth day, and grant certificates as in cases of vaccination in the stations. No fee is to be charged for inspection and for granting certificates.

Vaccination at private houses.

Fees to be charged.

16. Public vaccinators are to grant printed receipts for amounts paid to them as fees. These amounts are to be deposited at the office of the Civil Surgeon or other principal Civil or Military Medical Officer, or other officer in charge of vaccination, or any other person authorized for the purpose by the Superintendent of Vaccination every Saturday, or oftener if that officer so orders. The vaccinators are warned not to misappropriate any portion of the fees to themselves, for if they do so they are

liable not only to be dismissed from the department, but also to be criminally prosecuted.

17. To ensure successful vaccination, the following cardinal points are to be remembered by every vaccinator—viz. good virus, a clean lancet, and the healthy constitution of the person to be vaccinated. Vaccinators should use none but the best virus; they should remember that vaccination with bad virus is worse than no vaccination; for it not only does not protect the person from attack of small-pox, but brings discredit on both the vaccinator and vaccination. The vaccinators should not only

Selection of lymph.

Good virus should always be used.

use good virus, but take it from those persons only who are free from constitutional diseases, especially syphilis. Lymph should never be taken from a child who has an eruption on his skin, bumps about the anus or genital organs, bad teeth, or a sore throat or cold. In fact, none but perfectly healthy children should be used as subjects for conveyance of lymph. A clean lancet should invariably be used; when a foul lancet is used, it produces an amount of irritation in the vesicles which renders success doubtful.

Healthy persons are only to be vaccinated in ordinary times.

Exception in times of epidemic.

unprotected person, whether in sound health or otherwise, should be vaccinated. There is no fear in vaccinating pregnant women.

18. In cases of good and successful vaccination, the following phenomena are observed in the places where the virus is inserted:—No change takes place until the third day, when the points of insertion of the virus appear like red spots or mosquito bites. On the fourth day these spots look like little pimples. On the fifth and sixth days the pimples enlarge into vesicles and contain clear lymph. On the seventh day the vesicles are fully developed. On the eighth day areolæ form around the vesicles. There is sympathetic fever from this day. On the ninth day the contents of the vesicles become perfectly yellow, and the surrounding inflammation becomes more intense. After the tenth day a crust gradually forms, brownish-black in colour and of considerable thickness, and should fall off from the 18th to the 20th day, or two days earlier in the hot season. It should leave a well-depressed cicatrix, with marked edges and floor lined and pitted.

The period at which the lymph is to be taken.

19. Lymph should be taken on the sixth and seventh days in the winter season, and on the fifth and sixth days in the hot and rainy seasons.

20. In taking lymph the vesicles are to be punctured from the top, and not from the side. If the vesicles be punctured at the side, the inner septa of the vesicles would prevent the flowing of the lymph into the seat of puncture. The upper surface should not be scraped off. It should only be punctured, and if the lancet be placed flatly an abundance of lymph will flow on it.

Manner of taking the lymph.

The lymph thus taken on the point of the lancet is to be inserted in at least four different places, two on each arm, one above and the other below the insertion of the deltoid muscles, from an inch to an inch and a half apart from each other. The virus is to be inserted below the scurf or upper skin, but not deep enough to draw blood. Three such punctures are to be made in each place thus.

Manner of inserting the lymph.

21. The vaccinators must be kind and courteous towards the people that come to the public vaccine stations to have their children vaccinated. The people from their ignorance of the vaccine disease will ask many useless and tedious questions of the vaccinators, but the latter should not get annoyed at this. They should particularly explain everything which the parent or guardian of vaccinated children may want to know. While vaccinating at private houses, they should be equally kind and courteous in their manners, and although the law does not prohibit their taking any reward or present from persons able and willing to pay, they should make no demands.

### B.—Instructions to Registrar—

1. The Bengal Vaccination Act, 1880 (Act V of 1880), requires of Registrars of Births the following duties connected with compulsory vaccination, in addition to those duties relating to the registration of births and deaths which the law imposes upon them:—

2. On the registration of the birth of a child, the Registrar shall deliver to the person giving information of such birth a printed notice in the form of Schedule E appended to the Act.

3. The Act further requires the parents and guardians of children under 14 years of age not born, but brought to reside, whether temporarily or permanently, in any place in which the Act is in force, to have them vaccinated within six months of arrival, or if at the time of arrival they are below one year of age, within 15 months of birth. On such cases coming to the knowledge of Registrars, a notice should be served in Schedule E, altered according to circumstances. Such cases should be included in the register of vaccination, column 4 being left blank.

4. These notices will be issued to Registrars in the form of a book, each notice having a counterfoil which will, when filled in, constitute the minutes of the notices required by section 20 of the Act.

5. Vaccinators are directed by the Act, when a person or child is successfully vaccinated, to transmit to the Registrar a duplicate copy of the certificate (Schedule C), the original of which has been handed to the parent, or guardian, or person. Similarly, when the vaccinator considers it advisable to postpone vaccination on account of ill-health or unfitness from any other cause, a certificate to that effect (Schedule A) is given to the parent, or guardian, or person, and a duplicate thereof sent to the Registrar; and when a person or child is found insusceptible of vaccination, a certificate (Schedule B) is given, and a duplicate sent to the Registrar. These duplicate certificates (Schedules A, B, and C) of postponed, unsuccessful, and successful vaccination should be filed in separate bundles, and the information conveyed by them entered in the proper columns of the registers.

6. A register of vaccination shall be kept in the following form, of which columns 1, 2, 3, 4, and 5 will be filled up on issue of the notice (Schedule E), and the remaining columns on receipt of the duplicate certificate mentioned in the last paragraph:—

*Register of vaccination for*

Serial No.	Name of child.	Date of birth.	No. of entry in notice—register Schedule of birth.	Date of certificate of successful vaccination—Schedule C.	Date of certificate of insusceptibility—Schedule B.	Signature of Registrar.
------------	----------------	----------------	--	---	---	-------------------------

7. An additional column will be in future added to the ordinary "Register of Births" in which an entry will be made referring to the "Number in the Vaccination Register." Thus these two registers—the "Register of Births" and the "Vaccination Register"—will contain references to each other, and no difficulty can be experienced in ascertaining whether a certificate has been received regarding the vaccination of any child whose birth has been registered.

8. When a certificate has been received of the postponement of vaccination (Schedule A), an entry should be made in the special "Register of postponed vaccination" (Schedule F) prescribed by the Act. Care should be taken that a child, regarding whom a certificate of this kind is received, is eventually vaccinated, and unless a renewed certificate of postponement has been received, an entry should be made of the name in the return mentioned in the next paragraph.

9. As soon after the first of every month as possible, a return will be forwarded to the Civil Surgeon or other principal Civil or Military Medical Officer, or other officer in charge of vaccination in the following form, showing the cases in which notice has been given or certificate of postponement has been received, and the period mentioned in the notice or certificate of postponement has expired without receipt of a certificate of successful vaccination or insusceptibility (Schedule B or C). A case once returned in this form need not be entered again, except in the instance of a fresh postponement:—

*Return of cases in which notice of vaccination has been served, but certificate has not been received for the month of*

Name of child.	Name of parent or guardian.	Residence.	Date of issue of notice.
----------------	-----------------------------	------------	--------------------------

10. It is obviously desirable, for the purpose of ensuring that every child born in any place in which the Act is in force shall be vaccinated, that every endeavour should be made to render the registration of births as perfect as possible. Every endeavour should therefore be made to ascertain and cause the registration of every birth occurring in any place in which the Act is in force.

2. A notice of the business to be brought forward at every meeting shall be circulated to each Commissioner, and shall be hung up at the office of the Commissioners not less than three days before the date of the meeting :  
Provided that the accidental failure of service of notice on any Commissioner shall not invalidate the proceedings of any meeting.
3. Any Commissioner desirous of submitting any motion to the meeting must forward a copy of such motion to the Chairman not less than seven days before the date of such meeting for incorporation in the notice of business.
4. All such notices of motions shall be entered in a book to be kept in the office of the Commissioners, and shall be numbered and dated as they are received in consecutive numbers.
5. At ordinary meetings the business shall be transacted in the following order, unless the President, with the consent of the majority of the Commissioners present, determine otherwise :—

- (a).—The proceedings of the last ordinary meeting, and of any special meeting since held, shall be laid before the meeting, and if confirmed as correctly written shall be signed by the Chairman.
- (b).—Any business postponed from the last ordinary meeting.

7. Every motion or amendment shall be reduced to writing and seconded before being put to the meeting or debated. The mover of any motion or amendment may withdraw the same at any period of the debate.

8. Every amendment shall be so worded as to form an intelligible sentence either alone or in its proper place in an original motion as the case may be, provided that no amendment can negative the original motion.

9. The President may, for reasons to be recorded in the minutes of the proceedings—

(a) rule that a motion or amendment is illegal or out of order; and

(b) make such alterations in a motion or amendment as shall, in his opinion, render it legal and in order, and may in case (a) refuse to put the motion or amendment to the meeting, and in case (b) refuse to put the motion or amendment to the meeting, unless and until the proposer or seconder accept the alteration so made, and the decision of the majority of the Commissioners present shall be final.

H. J. S. COTTON,  
Offg. Secy. to the Govt. of Bengal.

## BYE-LAWS.

## CHAPTER I.

## Meetings.

1. Meetings of the Commissioners shall be either ordinary or special.
2. An ordinary general meeting of the Commissioners shall be held on the third Friday of every month at 3 P.M. if there be business to be laid before it: provided that, if that day in any month falls on a holiday sanctioned by the Commissioners, or if for any other reason it is deemed inconvenient to hold the meeting on that day, the Chairman or, in his absence, the Vice-Chairman may fix another day for the meeting.
3. All such meetings shall be convened by the Chairman or Vice-Chairman by notice to be served on each Commissioner not later than five days preceding the date of the meeting, provided such Commissioner be then within the town or at his usual place of abode, and provided further that the non-service of notice as aforesaid on any Commissioner shall not invalidate the proceedings held at such meetings.
4. A special general meeting of the Commissioners may be called at any time by the Chairman, or in his absence by the Vice-Chairman. Not less than one clear day's notice shall be given to the Commissioners of the day fixed for such special general meeting in the manner laid down in bye-law 3, and subject to the proviso therein contained.
5. Every notice convening a meeting shall be accompanied by a list of the business to be brought forward at such meeting.
6. Any Commissioner wishing to bring forward any business before any ordinary general meeting shall give notice of such intention in writing to the Chairman seven days before the date of such meeting, when the Chairman or Vice-Chairman shall include such business in the list of business for such meeting.
7. Three days' notice of meetings adjourned under section 42 of the Bengal Municipal Act shall be given in the manner provided for in bye-law 3.
8. Meetings of standing committees or special committees appointed by the Commissioners shall be convened by the Chairman or Vice-Chairman, and bye-laws 4 and 5 shall be applicable to them.

## CONDUCT OF PROCEEDINGS AT MEETINGS.

## Order of business.

9. At ordinary general meetings the business shall be conducted in the following order:—
  - (a) The minutes of the last ordinary general meeting and of any special meeting held since shall be read, and, subject to bye-law 11, confirmed.
  - (b) Business postponed from the last ordinary meeting, or from any special meeting in respect of which no special meeting is required to be held by law, shall be considered.
  - (c) Proceedings of Committees shall be considered.
  - (d) Business in the notice paper and application, for permission under section 20 of the Act to be absent from the meetings, if any, though not in the notice paper, shall be considered.
10. At a special general meeting the business for which the meeting was called shall be considered subject to bye-law 12.
11. In the event of any objection being raised to the manner in which any resolution has been recorded, the Chairman shall decide the question after reference to the original draft of the resolution, and if he finds the minute to be inaccurate, shall make the necessary correction in the minute book. In the absence of a written draft, the President alone shall rule whether the resolution has been correctly recorded or not. No discussion as to the propriety or otherwise of such resolution shall be allowed.
12. No subject shall be considered or proposition received at any ordinary or special general meeting if it does not appear in the list of business, unless two-thirds of the Commissioners are present, and the whole meeting consents thereto. Except by permission of the majority of the meeting, all subjects coming under clause (d) of bye-law 9 shall be discussed in the order in which they appear in the notice paper.

## Of motions and amendments.

13. On the Commissioners proceeding to the consideration of any subject, letters and papers connected with it shall first be read if required by the meeting, and thereafter any Commissioner may make a proposition regarding such subject and address the meeting. Every such proposition shall be seconded, and until seconded no debate thereon shall take place.

14. Every amendment duly moved must be seconded, and until seconded no debate thereon can take place.

15. Every motion and amendment shall be reduced to writing, and signed by the proposer and seconder before being put to the vote, if the President or the majority so require.

16. Every amendment shall be so worded as to be capable of making an intelligible sentence, either alone or in its proper place in an original motion, as the case may be, provided that no amendment can negative the original motion.
